Sir:

Applicants conducted a telephone interview with the Examiner and the Examiner's Supervisor on October 8, 2009. During the interview, differences between Yasukawa et al. (US 7,047,550), Klarfeld et al. (US 2003/0067554), Horiuchi et al. (US 2003/0061618) and Applicants' claim 1 were discussed. No agreement was reached.

The Examiner further contacted Applicants on October 19, 2009. The Examiner indicated that aspects of the above-identified application relating to a three-dimensional program information display are different from Klarfeld et al. The Examiner specifically pointed Applicants' attention to Embodiments 1 and 6 and Figs. 4 and 16.

Respectfully submitted,
